

AUTO SECURE

TOP QUALITY SERVICE COVERAGE FOR
WORRY-FREE VEHICLE OWNERSHIP

LEVEL 1: ENGINE ONLY

Includes the below listed parts/components:

ENGINE

All internally lubricated parts including but not limited to camshaft and bearings, connecting rods and bearings, crankshaft and bearings, cylinder block, main bearings, oil pump, gears and pick-up screen, pistons, piston rings and wrist pins. Timing chain and gears, timing belt, cylinder heads, exhaust valves, intake valves, valve springs and retainers, push rods, rocker arms and shafts, and hydraulic and solid lifters, distributor shaft, exhaust manifold, and intake manifold base.

SEALS & GASKETS

Leaking and/or failed seals and gaskets are not covered as standalone failures and will be replaced only when required in connection with a covered repair, **unless the Seals & Gaskets Option has been selected and paid for.**

If your vehicle is used for any of the following purposes or has one of these modifications, a mandatory surcharge will be applied to cover the following:

COMMERCIAL USE: A surcharge will be applied to cover business vehicles used for ride-share services (like Uber or Lyft), farming, hauling materials, job site activities, or other commercial purposes. If your vehicle is used for snow removal, it must have a factory-installed or factory-authorized snowplow package.

SALVAGE/REBUILT VEHICLES: Vehicles with a Salvage or Rebuilt title will incur a surcharge, which ensures coverage. However, this does not apply to vehicles with unknown mileage (TMU) or those marked for flood, fire, or saltwater damage.

LIFT KIT MODIFICATIONS: If your vehicle has body or suspension lifts, a surcharge will apply to cover these modifications. This includes vehicles with tire sizes up to 5 inches larger than the manufacturer's specifications. Note that coverage does not extend to additional assemblies beyond factory parts, suspension reductions, or undersized wheels and tires.

*These engine types also include a mandatory surcharge for coverage

LEVEL 2: POWERTRAIN

Includes everything under ENGINE ONLY coverage, plus the following:

AUTOMATIC TRANSMISSION

All internally lubricated parts within the transmission case, including but not limited to, gears and shafts, bearings, bushings, bands, friction and steel clutch plates, steel drums, pump, servo unit, valve body and plate, and governor. Torque converter, and lock-up converter. *Transmission case is covered only if damaged by an internally lubricated part.*

MANUAL TRANSMISSION

All internally lubricated parts within the transmission case, including but not limited to bearings, bushings, gears, shafts, synchronizers, spacers, main drive gear, main shaft, shift forks, synchronizer drums, and overdrive housing. *Transmission case is covered only if damaged by an internally lubricated part.*

DRIVE AXLE

All internally lubricated parts within the drive axle housing plus yokes, axle shafts, drive shafts, carrier bearing, universal joints, center support bearing, and CV joints (provided boots are not torn or damaged). *The drive axle housing is covered only if damaged by an internally lubricated part.*

TURBO/SUPERCHARGER*

(OEM equipment only) All internally lubricated parts, waste gate, vanes, shafts and bearings. *Housing is only covered if damaged by an internally lubricated part.*

4 WHEEL/ALL WHEEL DRIVE*

(*Surcharge applies*) All internally lubricated parts, transfer case, bearings, bushings, chains, gears, sleeves, and sprockets.

DIESEL*

(*Surcharge applies*) By-mechanical-failure-only fuel pump (electric/mechanical), pressure regulator, metering valve and fuel injector.

ENGINE COOLING SYSTEM

Water pump, thermostat, radiator, radiator fan and fan clutch.

FUEL SYSTEM

Primary fuel pump, metal fuel lines, and fuel level sending unit.

LEVEL 3: POWERTRAIN PLUS

Includes everything under ENGINE ONLY AND POWERTRAIN coverages, plus the following:

BRAKES

Master cylinder, vacuum power assist booster and valve, hydro booster, disc brake calipers, wheel cylinders, steel brake lines and hoses.

STEERING

Power steering pump, rack and pinion, and all internally lubricated parts within the steering gear assembly. *The steering gear box/rack & pinion housing are covered only if damaged by an internally lubricated part.*

ELECTRICAL

Alternator, electric horn, front wiper motor, rear wiper motor, rear defroster switch, starter motor, starter solenoid, and voltage regulator.

AIR CONDITIONING & HEATING

Compressor, compressor clutch, compressor coil, accumulator, dryer/receiver, condenser, and evaporator.

SUSPENSION

Upper and lower ball joints, leaf and coil springs (only if broken), and spindles.

WAITING PERIOD

All Auto Secure plans include a 30-day and 1,000-mile waiting period from the purchase date and mileage listed in your plan details. **If you'd like coverage to start right away, you can choose the Day 1 Coverage¹ option.**

LIMITS OF LIABILITY

Our aggregate Limit of Liability for all pending and paid claims shall not exceed the lesser of the J.D. Power Average Trade-In value at the time of Breakdown as determined by J.D. Power Valuation Services (without consideration of or deduction for the cost of repairs associated with the Breakdown) or \$5,000 for Engine Only Coverage, \$7,500 for Powertrain Coverage, or \$10,000 for Powertrain Plus Coverage, unless the Enhanced Limit of Liability Option has been selected. Once a component has been repaired or replaced, there is no further coverage for that component.

Add-Ons & Upgrade Options:

Whether you need extra coverage for high-tech features, an upgrade for immediate coverage, or protection against normal wear and tear, you can tailor your plan to fit your needs. **Choose what suits your vehicle and driving habits for optimal peace of mind!**

DAY 1 COVERAGE

With this option, you can skip the standard 30-day/1,000-mile waiting period and get immediate coverage starting on day one. *Please note, this is not available for Engine Only coverage and is only offered for vehicles with less than 175,000 miles at the time of purchase.*

HIGH TECH COVERAGE

Available only on Powertrain Plus coverage. It includes protection for advanced technology features such as your back-up camera, sensors, video system, display screens, radio, CD player, GPS/NAV systems, blind spot sensors, electronic driver information display, and anti-theft systems (*excluding remote control*).

EXPANDED LABOR RATE

With this option, the standard hourly labor rate of up to \$125/hour is upgraded to match the average retail labor rate in your area, as determined by the Administrator.

ENHANCED LIMIT OF LIABILITY

By selecting this option, the total limit of liability is increased to match the J.D. Power Clean Trade-In value of your vehicle.

NORMAL WEAR & TEAR OPTION

Available for vehicles with up to 175,000 miles at time of purchase, this option provides coverage for mechanical breakdowns or failures caused by normal wear and tear.

SEALS & GASKETS: *Available for vehicles with up to 125,000 miles at time of purchase, this option covers the replacement of seals and gaskets (on all listed components of the coverage you select) that prevent the loss of coolants, lubricants and fluids, as standalone failures and/or repairs. (After 175,000 miles, seals and gaskets are covered only when they need to be replaced as part of a covered repair).*

HYBRID ELECTRIC VEHICLES

For Engine Only and Powertrain Coverage levels, this option covers the electric drive motor. With Powertrain Plus, it extends to cover the electric drive motor along with the power controller, inverter assembly, generators, electronic air conditioning compressor, and electronic power steering pump. (HEV battery and battery pack are excluded).

This is a general outline of coverage for marketing purposes only and does not constitute your contract. Actual terms and conditions may vary by state. See contract for complete provisions and exclusions. All Auto Secure Plans are administered exclusively by EDS LLC.
